The Holy Synod renders decision concerning Bishop Irineu (Romanian Orthodox Episcopate of America)

June 29, 2017 [News](#)

SYOSSET, NY [OCA] During their annual retreat held in Michigan on June 19-23, 2017, the members of the Holy Synod of Bishops of the Orthodox Church in America held a special session convening the Synodal Court which canonically deposed the Bishop Irineu [Duvlea], Auxiliary Bishop of the ROEA, from the status and all sacred of the episcopacy, removed him from the ranks of the clergy, and returned him to the status of a lay monk.

The Holy Synod made this decision with much sorrow, but with the conviction that it was a necessary action both for the salvation of the now Monk Irineu and for the preservation of the good order and stability of the flock of Christ. At the same time, we offer our prayers for the faithful, especially the members of the Romanian Episcopate of the Orthodox Church in America.

The bishops have a God-given responsibility to address the good order of the Church and the continuing leadership and oversight by brother bishops. We are bound to this primarily by the Gospel of Jesus Christ and by the canonical tradition of the Church. Therefore, we must always take matters concerning bishops seriously and respond in the proper pastoral way for all concerned.
